

California Locations

The Foster City AfterOurs Urgent Care California Clinic is dedicated to getting you the right care, right now!

Our Foster City, California urgent care centers employ board certified family physicians, who competently treat adult and pediatric injuries and illnesses.

On-site lab, x-ray, EKG, and IV fluid hydration are readily available in each of our centers to ensure the most positive treatment outcomes available in an urgent care setting. **IV Hydration is not offered at all clinics – please call ahead for availability.*
