- An AfterOurs **Urgent Care** walk in clinic visit averages less than half the cost and wait of an emergency room or hospital emergency department visit.
- Board certified family physicians, nurse practitioners, and physician assistants are on staff nights, weekends, and holidays to care for you, when a visit to your primary care physician simply isn't possible, yet a visit to the ER isn't necessary.
- Each of our medical walk in clinics have on-site lab, x-ray, EKG, and even IV fluid hydration is available in most of our locations. *IV Hydration is not offered at all clinics – please call ahead for availability.

AfterOurs Urgent Care centers offer high-quality affordable, and efficient **urgent care** services in our **walk in clinics**, as an alternative to emergency room and hospital emergency departments, when a doctor visit or primary care provider visit, simply isn't possible. Visit one of our medical health clinics nearby. We treat a variety of pediatric and adult, non-life and limb threatening injuries and illnesses, including:

- sports injuries, sports physicals, and sports medicine
- school, daycare, and camp physicals
- colds, flu, H1N1
- sprains and strains
- strep and sore throat
- headaches, abdominal pain / stomach aches
- infections and wounds
- non-life threatening cuts requiring stitches

- and much more

We staff friendly, board certified family physicians, and offer state of the art urgent care center facilities with on-site lab, x-ray, EKG, and IV fluid hydration.
