

What Patients are Saying

We value your health, your time, and your money!

AfterOurs Urgent Care takes great pride in offering state of the art facilities with on-site lab, x-ray, EKG, and IV fluid hydration. Our board certified family physicians are on staff nights, weekends, and holidays. The only thing they value more than your time, and your dime, is your health!

Patient Testimonials:

powered by [BirdEye](#)

“The care was awesome. I was in and out within a half-hour. People were extremely friendly, personable, and upbeat.” – Jennifer A. of Thornton

“We were visiting from Ft. Myers , Florida . I had bronchitis and chest congestion, which got worse and worse. We didn't know any doctors and my wife insisted we see somebody. We started calling hospitals, and one of them recommended this clinic. The doctor was exceptionally good. I was very well pleased.” – Karl M.

“Very friendly staff, very nice and clean facility. They saw me very quickly. I felt the service was excellent and will use them again!” – Catherin W.

“I love this service! The staff was nice, the visit was fast, and my doctor received my son's visit information the next morning.” – Jen M. of Denver

“It was moving day for you & in waddled a chick/ Hardly breathing in denial 'Oh, I'm not sick!'/ Despite the activity, you all took the time/ I am ever so grateful & thank you from my heart/ I will take care of myself, so remove 'stubborn' from my chart!” – Poem accompanying a beautiful Edible Arrangements bouquet delivered to our SE Denver location.
