

Insurance

Major Insurance Accepted

Our advanced coding and charting system speeds insurance claim payments and minimizes insurance providers' refusal to pay for treatment. Lower total charges also make the claims more acceptable to participating insurance companies. Self pay discounts are also available, and there are several payment options available to you.

- [Tricare](#)
- [United Healthcare](#)

High-Deductible Plans

An AfterOurs Urgent Care visit averages less than half the cost of an emergency room visit. Most patients are not in a hurry to reach their plan deductible, and by choosing urgent care over the emergency room, you'll minimize large, one time, out of pocket expenses. AfterOurs Urgent Care will report your visit to your insurance provider, so that your payment is applied towards your deductible.

Health Savings Account (HSA) and Flexible Spending Accounts (FSA)

AfterOurs Urgent Care accepts HSA and FSA credit and debit cards and will provide you with a receipt of your visit for your payment records.

Complete your [Patient Information Form](#) now, for faster registration.
