

Testimonials

Why do patients love AfterOurs Urgent Care?

- First and foremost, the AfterOurs Urgent Care staff has been trained to direct each patient to receive treatment in the place of service most appropriate for their health care need
- We forward your treatment records to your family physician for appropriate follow-up and continuity of care
- We're open when other urgent care centers are not; late nights, weekends, and holidays
- We staff board certified medical doctors, nurse practitioners, and physician assistants to treat both children and adults
- We value your health, your wallet, and your time
- We offer on-site lab, x-ray, EKG, and IV fluid hydration
